Subject: RE: Thank you and ...

Hi Richard,

I'm very sorry I didn't email you first. Thanks YOU so much for coming in to speak to Year 11 - I know Gary is going to be putting pen to paper, but I wanted to reiterate my thanks for your huge commitment and energy to delivering a hugely engaging and inspiring presentation to Year 11. I hope you sensed that you really 'took them with you' - not an easy challenge with 300 Year 11s - I had real belief, having met you, that it would go down really well, but I guess you never quite know, and their reaction said it all. I've seen a number of them today and they were hugely positive about it and feel that it has given them a real 'spring in their step' at a time of the year than can be a real grind.

Great to hear you're coming back in in April, and I'll put it in my diary!

Huge thanks again Richard for putting so much time and effort into this. I did wonder if you were a supporter of a particular charitable cause, whether we could make an ex gratia contribution if you're not wishing for any recompense yourself. Please do let me know.

Best wishes

Tom
